Proceedings of the Chief Commissioner of Mysore in the General Department, (Financial),—dated 15th December 1880.

From the Under-Secretary to the Government of India, Department of Finance and Commerce,
To the Chief Commissioner of Mysore, (through Foreign Department), No. 3475,
dated Simla, the 4th November 1880.

I am directed to forward the accompanying extract from a letter from the Comptroller General, No. 1361, dated 30th September 1880, pointing out that delay in the disposal of applications for pension or gratuity is in many cases due to inattention to the Rules of the Civil Pension Code by the Head of the Office who submits the application.

2. The Government of India have repeatedly sought to mitigate the hardship which is occasioned to an officer retiring from the service, by delay in the settlement of his pension or gratuity; and in order that this object may be more completely secured, I am to request that—

Heads of Offices may be instructed to observe more carefully, than heretofore, the Rules in the Civil Pension Code, regarding the preparation and submission of applications.

Copy of this letter (without the extract) forwarded to the Comptroller General, with reference to his letter No. 1361, dated 30th September 1880.

Also, to the several Accountants General and Deputy Accountants General in independent charge for information.

Extract from a letter from the Comptroller General, to the Secretary to the Government of India, Department of Finance and Commerce, No. 1361, dated 30th September 1880.

I would suggest that the present return is hardly calculated to shew the actual causes of delay in passing pension cases through the necessary forms, as it shews only the facts connected with the very latest stage in the proceedings. Of course, my opinion, in such matters, may be a little prejudiced; but I certainly think that the blame, in most cases, lies with Heads of Offices in preparing the papers, and in their disregarding the plain requirements of the Rules. I have also seen several cases delayed through the difficulty the Head of the Office finds in collecting verifications from other administrative officers.

I have procured the following statistics of work done by the Accountant General, Bengal, this year, which will support my view that the Account Offices are not those which are to blame for the delays.

One hundred and four applications have been returned by the Accountant General, Bengal, since 1st January 1880, because they were submitted to him by the Head of the Office without the prescribed verification statements of services. It seems to be one of the most elementary Rules in the Code that the first step which the Head of the Office has to take is to get a list of services and verify it (Section 83). The figure just given shews in what a large number of cases the Head of the Office prefers to fire off the whole case in an inchoate condition at the Accountant General.

The Accountant General also took a number of old pending cases on which he is just about to report to Government that he cannot get the local officers to answer his enquiries, and he finds that the average detention has been 10 months and 27 days in local offices, 27 days in Accountants General's Offices.

Proceedings of the Chief Commissioner of Mysore in the General Department, (Financial),—dated 15th December 1880.

No. 6412-52—F. 621, DATED BANGALORE, 15TH DECEMBER 1880.

ORDERED that the foregoing letter from the Government of India be communicated to Heads of Departments for information and guidance.

C. RANGACHARLU,
Secretary.

PART I.

REVENUE DEPARTMENT.

(REVENUE.)

Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (Revenue),—dated 7th December 1880.

No. 5141-7—R. 901, DATED BANGALORE, 7TH DECEMBER 1880.

ORDER.—As in the case of the toddy farms, the existing arrack arrangements will expire by the end of the current official year, and the Chief Commissioner desires that future arrack contracts throughout the Province should be placed on the footing of the guarantee system now adopted only in the Nundydroog Division. The contract for the mere manufacture granted in the Ashtagram Division, which, by relieving the contractors from any responsibility in connection with the sale, has proved so injurious to the interests of Government, must cease, and the older form of the Sudder Distillery system still followed in Shimoga, Kadur and Chitaldroog Districts should also give place to the new arrangement. The permission given under this system for a number of persons separately distilling at the Government Distillery and selling arrack on payment of Government duty affords no protection either to the interests of the public or of Government. Owing to the paucity of the distillers there can be really no competition to check extravagant prices being demanded of the consumers, or to guard against fraudulent evasion of Government duty by the distillers, with the connivance of the Distillery servants. It is therefore necessary to supersede this system by the guarantee arrangement and the Deputy Commissioners of Shimoga, Kadur and Chitaldroog are directed to take steps to close the Distilleries now existing in their Districts other than those in their respective head-quarters.

2. The instructions conveyed in Proceedings No. 8149—R. 161, dated 9th January 1879, have already laid down that the contracts should be given for the exclusive privilege of manufacture and wholesale vend of arrack to retail vendors and that the right of the retail vendors should be quite independent of the contractors though they are placed under the contractor's supervision. This arrangement was considered necessary in order to secure the revenue of Government from sales in excess of the minimum guarantee which wholly belongs to Government and in which the contractors have at present no interest whatever. The combination of the manufacturing and selling privileges in the same contractors, it was considered, would facilitate their evasion of the Government duty on the excess sales.

3. The Chief Commissioner however considers that there are other essential points in the terms of the guarantee system as now existing in the Nundydroog Division which need modification: they invite competition in regard to the amount of the minimum guarantee tendered which really cannot admit of unlimited competition, but provides for no competition in regard to the cost of manufacture which the Government by fixing the rate of Government duty as well as the wholesale price, virtually determine. This arrangement is obviously open to serious objection: if the cost of manufacture were fixed at too high a rate, it would be simply throwing money into the hands of the contractor without any return to Government. If on the other hand the cost were arbitrarily fixed at too low a rate, it must lead to complaints and claims from the contractors on the ground of any real or supposed rise in the price of jaggory. This is a matter which will be best left to be determined by the competition of the tenderers.

4. The Deputy Commissioner of Bangalore referring to the fall in the price of jaggory which has occurred since the last contract, proposes to raise the rate of Government duty from Rs. 3—3—0 to Rs. 3—6—3 per gallon in Bangalore Town and from Rs. 2 -2—0 to Rs. 2—5— 3 in the Districts. The Chief Commissioner however apprehends that this may hereafter lead to objections and claims on the part of the contractorsand that it would be better to leave the point to be determined by competition as suggested above.

5. It may be a question whether, the wholesale and retail prices being fixed, the rate of Government duty should be determined by competition, or, whether the duty being assumed to be fixed, the prices should be altered with reference to the terms offered in regard to cost of manufacture. The retail vendors and consumers being accustomed to the existing rates of wholesale and retail prices, the Chief Commissioner sees no occasion for lowering them and sacrificing the increase to the rate of Government duty derivable from the fall in the price of jaggory and the diminished cost of manufacture. He therefore resolves to retain the existing wholesale and retail prices as they are now fixed in the Nundydroog Division, and to invite contractors to offer their tenders for the highest rate of Government duty as well as for the highest minimum amount of guarantee which they are prepared to engage for.

6. To avoid the necessity for needless fractions, it would be convenient to invite the tenders for the combined amount of Government duty and local cess, the proportionate contribution to local cess from the Government revenue being annually adjusted in the Government accounts.

7. The existing terms of the contract provide for the ordinary issue of arrack at the strength of 20 under proof, the contractors being allowed to sell liquor to retail vendors at 30 under proof at proportionately reduced rates, should there be a demand for liquor of such lower strength. The Chief Commissioner is not quite satisfied that this provision does not leave room for abuse: especially, when the contractors were also retail vendors, it must have enabled them to dilute and to sell a larger quantity of liquor than was issued from the Distillery at 20 under proof. It is observed that the arrack issued in the Districts of the Madras Presidency is ordinarily at 30 under proof and that liquor of still lower strength, namely 60 under proof, is also largely issued in those Districts. Allowing for the need of higher strength in the cooler climates of this Province, the Chief Commissioner is not free from doubt that the stronger liquor issued at 20 under proof in this Province is not largely diluted and sold to the consumers at their expense if not to the loss of Government revenue. It is therefore necessary to provide that whichever quality of liquor is required for consumption, 20 or 30 under proof, should be supplied from the Distillery itself at proportionate reduced rate of duty, and should not be allowed to be afterwards adulterated or diluted either in the wholesale or retail shops. It may be further provided that each retail shop should obtain and vend liquor of but one quality. This will afford the means of hereafter ascertaining for what strength of liquor there is real demand in the several parts of the Province.

8. These alterations necessarily withdraw the many indirect advantages allowed to the contractors, under the existing terms of the contract, especially in the Madras Presidency, and the risks undertaken by the contractors, dependent as they are for their profits entirely on the saving in the cost of manufacture, are in proportion greater. It must however be their interest to offer such terms, with reference to cost of manufacture as would allow them a fair margin for profit and provide against fluctuations in prices.

9. The Chief Commissioner moreover considers that it would be just and advantageous to allow the contractors a small share in the additional revenue derivable by Government from sales in excess of the minimum amount of guarantee, and this he has fixed at one anna in the rupee of such additional revenue.

10. A draft form of advertisement mbodying the above alterations is forwarded; and the Deputy Commissioners of the several Districts are directed to lose no time in submitting advertisements accordingly, for approval and publication in the Gazette with such alterations as they may consider necessary to their local requirements.

11. The existing arrangement for the supply of arrack to the three Districts of Bangalore, Kolar and Túmkúr from the Distillery at Bangalore, and to the Districts of Mysore and Hassan from the Distillery at Mysore, should continue. The advertisements for these contracts will therefore be submitted by the Deputy Commissioners of Bangalore and Mysore respectively. The Deputy Commissioners of the other Districts should however at once forward their suggestions and opinions on the several points above commented upon.

12. The wholesale and retail prices for the above five Districts will be as follow:—

	Wholesale.	Retail.
Bangalore Town and Cantonment Mysore	4 6 4	5 0 0
For other Districts	3 6 0	4 0 0

13. The contracts for the remaining three Districts will be given out separately and the respective Deputy Commissioners in sending up their advertisements should state any alterations which may be required in regard to the above prices, with full explanation regarding the same.

14. The contract is for the manufacture of the ordinary arrack only and is not to preclude any separate arrangements by Government for the manufacture and sale of other superior descriptions of arrack, such as Colombo arrack, at higher prices and at rates of Government duty not less than that paid for the country arrack. It is not also to interfere with separate arrangements being made permitting the sale of the milder beverage, called "Akki Beja," distilled from paddy to which the people in the Malnad Taluks of the Shimoga and Kadur Districts appear to be accustomed, and the use of which has hitherto been improperly and needlessly prohibited. The ordinary consumers of arrack are generally different and it is improper to force arrack on the present consumers of the milder article.

15. The draft further provides for the distillers paying a reasonable rent for the use of the Government Distillery buildings and for their undertaking the cost of all ordinary repairs that may be required to them during the period of contract

16. The same dates for the receipt of tenders in the several Districts should be adopted as have been fixed in regard to the toddy contract.

C. RANGACHARLU,
Revenue Secretary.

To—The Deputy Commissioners of Districts.

Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (General),—dated 7th December 1880.

DRAFT NOTIFICATION.

Tenders are hereby invited for the exclusive privilege of the manufacture and wholesale vend of arrack in the Town and Cantonment of Bangalore, and in the Districts of Bangalore, Kolar and Túmkúr of the Nundydroog Division from 1st April 1881 to 31st March 1884, subject to the conditions hereinafter set forth. The privilege will not include the manufacture or sale of toddy, of European wines and spirits, or of beer, or of Akkiboja or spirit distilled from toddy in the Malnad Talaks of the Shimoga and Kadur Districts.

2. The tenders are to specify the minimum revenue which the tenderers will guarantee, yearly to Government, and the rates of duty inclusive of the local cess of one anna which they are prepared to pay to Government on the arrack issued for consumption in the Town and Cantonment of Bangalore and in the Districts respectively, the wholesale prices at which the arrack is to be issued by the contractors being fixed as hereinafter provided for.

3. Each tender must be accompanied by a deposit of Rs. 1,000 in cash or in Government securities and enclosed in a cover superscribed with the words " Tender for the exclusive privilege of the manufacture and wholesale vend of arrack," and must be sent to the Deputy Commissioner of the Bangalore District, so as to reach him on or before the 1881, after which, no tender will be received. The tenders will be opened by the Deputy Commissioner at his Office at 12 o'clock noon on the 1881, in the presence of the applicants who may be present. The final disposal of the tenders will, however, rest with the Chief Commissioner who reserves to himself full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

4. The applicants whose tenders are selected by the Deputy Commissioner for recommendation to the Chief Commissioner will be required to deposit at once, in cash or in Government securities, a sum equal to $\frac{1}{12}$th (or one month's instalment) of the minimum annual revenue guaranteed by them, failing which, the deposit made with the tenders will be forfeited.

5. The applicant, whose tender may be finally accepted by the Chief Commissioner, shall, within 8 days of the acceptance of his tender being communicated to him, deposit with the Deputy Commissioner, a further sum in cash or in Government securities to make up with the deposits previously made, a sum equal to one-fourth of the yearly revenue guaranteed, and shall execute an agreement in the usual form on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement or to make the deposit required, the deposits already made will be forfeited to Government and the contract otherwise disposed of.

Conditions.

I. The minimum annual revenue guaranteed shall be payable to Government in twelve equal monthly instalments. The contractor shall pay into the District Treasury of Bangalore the whole amount of the duty inclusive of the local cess payable to Government at the rates engaged for by him on the arrack issued from the Distillery in each month on or before the 15th of the following month. If the duty payable on the issues of arrack up to the end of any month be not sufficient to make up the amount of the monthly instalments of the minimum guaranteed revenue up to that month, the contractor shall pay such further sum as may be required to make up the deficiency. If the above payments are not made on or before the 15th of the month following that for which they are due, interest at the rate of 6 per cent per annum will be charged from that date on all the arrears outstanding ; and should the default continue after the lapse of the month in which the payments are due, the arrears with the interest due shall be recovered by attachment and sale of the property of the contractor in the manner provided for by the rules in force for the recovery of arrears of land revenue. And it shall further be at the discretion of the Deputy Commissioner with the Chief Commissioner's sanction to declare the contract cancelled and to take the deposit made by the contractor as a forfeiture to Government.

II. The accounts for each year shall be closed separately. If the duty payable to Government on the arrack issued during the year exceed the minimum revenue guaranteed for the year, the contractor will be allowed a deduction from the duty payable by him equal to one anna in the rupee on the amount of such excess. But the excess of one year will not be available to make up any deficiency in the amount of the guaranteed revenue of any other year of the contract.

III. The contractor or the licensed distiller will be required to manufacture arrack within the enclosure of the Government Distillery near Bangalore, or at such other place as may be fixed by the Deputy Commissioner, and to establish wholesale depôts in such places as shall be appointed by the Deputy Commissioner. The Distillery and depôts shall be open at all times for inspection by the Deputy Commissioner or any official appointed for that purpose. No arrack shall be taken out of the Distillery until it has been gauged and tested by an official appointed for that purpose. The contractor will further be required to pay monthly to Government, a rent of Rs. 81 for the use of the Distillery buildings, calculated at the rate of 6 per cent interest on the value of those buildings ; and to keep the said buildings in a state of thorough repair. The contractor shall take

over any arrack distilled by the previous contractors which may remain as stock on hand on the 1st of April 1881, paying to them such compensation for the same as may be fixed by the Deputy Commissioner with the sanction of the Chief Commissioner.

IV. The arrack manufacture shall be of good quality. The articles used in distilling shall be approved by the Deputy Commissioner and be of good quality, and shall be shewn to, and passed by, the Distillery Supervisor or other official appointed for the purpose before being received into the Distillery. No ingredients obnoxious to health shall be used in distilling, or put into the arrack after it has been made.

V. The contractor shall keep true and correct accounts of his receipts and disbursements, and of the quantity and strength of the spirits manufactured, received and issued in the Distillery and in each depôt, and produce them whenever required to do so for inspection by the Deputy Commissioner or any official appointed for the purpose.

VI. The distiller shall be bound always to have a month's supply of liquor in store, and in order that this may be the case from 1st April 1881, he will be allowed to commence distilling before that date, provided that no liquor so distilled shall be sold or passed out of his custody or that of his employés before the 1st April 1881.

The contractor shall be allowed to have wholesale shops in all kasbas and large towns approved of by the Deputy Commissioner, (a list of which will be furnished by the Deputy Commissioner on application) and shall pay the prescribed license fee of Rs. 2 per shop per month.

VII. The contractor shall not sell arrack by retail either in the Distillery or in the wholesale shops.

VIII. The retail shops will be under the management of the Deputy Commissioners of the Districts, and in Municipal towns, where so ordered by the Chief Commissioner, under the Municipal President or Vice President of such towns; and no new retail shops shall be opened, except with their sanction and at the places appointed by them, and they are competent to order any shops to be closed on grounds of public expediency without any claim to compensation on the part of the contractor.

IX. Licenses for the retail shops will be issued in the usual form by the above officers on payment of such rates of license fees as may from time to time be fixed by the Chief Commissioner.

The licenses will provide for the sale of the arrack at the regulated prices and at the prescribed strength and for other necessary conditions. The retail vendors will be required to procure their liquor from such wholesale shops as may be named by the contractor. They will also be required to permit the contractor or his agent or any public servant duly authorized free access to their shops in order to see that no irregularities take place, and to keep true and correct accounts of the quantity and strength of liquor received by them each day, and the prices charged for the same, and to produce the accounts for inspection whenever required by the contractor or his agents, or any Government official authorized to call for them.

X. The following rules regarding the issue of the arrack from the Distillery shall be observed :—

(*a*) No arrack shall ordinarily be issued at a strength above 20° under proof ; but should the distiller or retail vendor desire to issue at a higher strength than the above, the spirit so issued shall not be of a greater strength than proof, except on special passes granted by the Deputy Commissioner.

(*b*.) All liquor issued at a strength above 20° under proof and up to proof shall be charged the duty on proof, the rate on above proof being raised proportionately.

(*c*.) No spirit below 20° under proof shall be ordinarily issued from the Distillery, but should there be a demand for liquor of lower strength than 20° under proof, liquor at 30° under proof may be specially issued from the Distillery at proportionately reduced rates of duty, such liquor being kept and accounted for separately both in the wholesale depôts and in the retail shops.

XI. The arrack shall be sold as issued from the Distillery and shall not be adulterated or diluted in any manner either in the wholesale or retail shops.

XII. The prices at which the arrack shall be sold (unadulterated and undiluted) at the wholesale and retail shops shall be according to the following scale:—

		Proof.						20° Under Proof.						30° Under Proof.					
		Per Gallon.			Per Dram.			Per Gallon.			Per Dram.			Per Gallon.			Per Dram.		
		Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
Bangalore Town and Cantonment ...	Wholesale ...							4	6	4	...	...	...						
	Retail ...							5	0	0	0	1	8						
Districts ...	Wholesale ...							3	6	0	...	...	...						
	Retail ...							4	0	0	0	1	4						

N. B.—The prices for Proof and 30° Under Proof will be entered proportionately.

XIII. On account of wastage, a discount or deduction of 2 per cent shall be allowed on the duty payable on liquor issued from the Distillery for sale beyond the Municipal limits of the Town and Cantonment of Bangalore.

XIV. The contractor shall cause every person whom he may employ to superintend Distilleries or wholesale shops or depôts, to execute previous to such employment, such engagements as are compatible with the above conditions, and such engagements shall be deposited with the Deputy Commissioner within one month from the 1st April 1881. He will moreover use his best endeavours to secure on the part of all persons employed by him in the manufacture, carriage and sale of arrack, a strict adherence to the provisions of the engagements entered into by them, and of the law, and if it come to his knowledge that a breach of those provisions has been committed, he will bring the circumstance to the notice of the Deputy Commissioner of the District, in which the breach took place, in order that the penalties prescribed for the offence may be enforced, and further dismiss the offender from his service, if required so to do by the Deputy Commissioner.

XV. The contractor shall conform to any additional rules that may be prescribed, from time to time, by the Chief Commissioner, not inconsistent with the terms of the contract.

XVI. If any wilful breach of any of the above conditions is committed by the contractor, or at his connivance and privity by any of the men employed by him in the manufacture, carriage or sale of arrack, the Deputy Commissioner shall have power with the sanction of the Chief Commissioner, to cancel the contract and declare the deposit forfeited.

XVII. The Chief Commissioner is at liberty to authorize the manufacture or sale by separate contractors or otherwise, of Colombo arrack or any description of arrack other than that ordinarily manufactured by the contractor, allowing him a reduction in the amount of the guaranteed revenue equal to the amount of duty realized by Government on such arrack issued within the limits of the Districts comprised in the contract.

6. The following table shews the annual quantity of liquor issued during past years :—

PART I.

REVENUE DEPARTMENT.

(GENERAL.)

Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (General),—dated 31st December 1880.

CENSUS.

No. 5553-62—MIS. 777, DATED BANGALORE, 31ST DECEMBER 1880.

ORDER.—The following additional instructions are issued for the guidance of the Enumerators:—

Addition to Rule 2.

1. In filling up the Schedule Forms, they should write in straight parallel lines, getting the forms ruled if practicable.

Addition to Rule 13.

2. In column 7 of the Schedule, Christians should be distinguished, as regards caste, into Europeans, Eurasians and Native Christians; and, as regards sect, into—

Church of England.	Wesleyans.
Roman Catholics.	Armenians.
Presbyterians.	Greeks.
Baptists.	Syrians.
	Others.

Addition to Rule 15.

3. In the case of immigrants employed in the Coffee and Malnad Districts the Enumerators should enter in column 9, in addition to the District, the Taluk and Village to which they belong.

Addition to Rule 16.

4. Females and other subordinate members of a cultivator's family taking an active part in cultivation, should not be entered in column 10 as "Cultivating land-holders" or "Farmers" unless they hold or farm lands separately. They should be entered under a separate head of "Subordinate cultivators." If they work for wages, they will be shewn under the head of "Agricultural servants" or "Day laborers" as the case may be.

Final Census.

5. In view to obviate the difficulty attendant on the taking of the Final Census at a late hour of the night in rural villages, the Census Commissioner has authorized the commencement of the enumeration at 6 P. M., or such time after sunset by which the villagers may be expected to have returned to their homes from their fields. In the larger towns, however, and in the villages near Railway Stations, the Census should commence at the hour originally fixed, *viz.* 9 P. M.

6. Notice should be given warning the people to be up and awake on the night of the Final Census, and have lights or fires burning till the Enumerator comes round.

7. At places where fairs or festivals may take place on the 17th February, it should be arranged that visitors who do not leave the place before sunset or 6 P. M. should remain there for the night till they are enumerated. Similarly carts and travellers should be told not to start on their journeys during the night till they are censused. In enumerating such travellers and floating population care should be taken to ascertain that they have not been censused elsewhere on the same night.

8. With regard to the wild tribes living in the jungles, and herdsmen with the Amrut Mahal and other cattle who may be out in the Kavals, and the Idigars or toddy-drawers who may live out in the toddy groves, arrangements should be made for securing their attendance in the villages on the night of the Census; and where this cannot be done, they may be enumerated in their jungle residences early on the morning of the 18th February.

C. RANGACHARLU,
Revenue Secretary.

To—The Deputy Commissioners of Districts.
" President, Municipal Commissions, Bangalore.
" Vice-President, Mysore Municipality.
" Assistant Commissioners on Census Duty.

PART II.

REVENUE DEPARTMENT.

(REVENUE.)

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF DEC. 1880.

MYSORE.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
